

Summer Commencement

The Ohio State University
August 9, 2026

Pomp, circumstance, and other songs of a lifetime

—by Professor David Citino, 1947–2005, Late University Poet Laureate
(Originally presented as the 2000 Winter Commencement address)

If you're like me, you've got a big head,
not to mention a funny robe, full of music—
poems and melodies, the tunes
we move to, shower and shave by,
study, write to. Not just the incidental,

but the momentous music keeping time.
Our histories are measures of song.
Listen to your heart: drums of Africa,
sea-spume of blind, far-sighted Homer,
Sappho's honeyed love lyrics. Often,

music speaks for us, one note saying
a thousand words. Like Rodolpho
in Puccini's *La Boheme*, Sono un poeta.
I am a poet. Che cosa faccio? What
do I do? Scrivo. I write. This ceremony

is loud music—pomp and circumstance
of the life you began freshman year
or that first day of graduate school.
In my head I press Play, and the CD
of *Big Days* kicks on. I leap and linger

over moments too sweet, nearly, for words.
I'll never escape rhymes from the nursery.
Up above the world so high, like a diamond
in the sky. We knew from the start
our universe was aglow with wonder.

Italian, Latin, English songs in nasal accents
of Cleveland. *Gaudeamus igitur*, Juvenes
dum sumus. So, let us rejoice, while
we are young. Youth is that gift we can't
comprehend while we're young. This ceremony

means you all are less young than you were.
Don't let the heavy knowledge gained
from your studies deprive you of the gifts
of youth, to be able to rejoice at the drop
of a hat, to care for, be moved by others.

Now I hear golden hits of five decades.
Big Mama Thornton, and that so-called King
(King of what, fried butter sandwiches?)
who stole away her hound dog. You ain't
never killed a rabbit, you ain't no friend

of mine. As with those profs and TAs,
course after course, you had to produce—
kill some rabbits—to earn respect.
And at times OSU may have seemed
like Heartbreak Hotel, down at the end

of Lonely Street, so difficult was it
to do your best. Tennessee Ernie Ford,
"Sixteen Tons": St. Peter don't you
call me 'Cause I can't go. I owe
my soul to the company store.

You have been digging deep in mines
of knowledge. We all owe our souls
to Ohio State, company store of learning,
shared experience—precious ore
we have in common forever.

Now I hear Domenico Modugno's
fervent urging to wish, sing, fly,
Volare, Wo-oo. *Cantare*, Wo-o-o-o.
My grandfather was a peasant farmer,
a contadino in Calabria in the toe

of Italy. He knew it's the human lot
to dream of flying. Lucky, lucky,
lucky me, I'm a lucky son-of-a-gun.
I work eight hours, I sleep eight hours,
That leaves eight hours for fun.

Hey! He sailed in steerage across
the Atlantic, came to Cleveland, where
he stayed long enough to work 52 years
for the B&O Railroad, before lying down
to rest in good Ohio soil. So many of us

here today came from elsewhere,
or ancestors did. From Tennessee, Italy,
Africa, Asia, Appalachia—even,
President Kirwan, the wilds of Kentucky
and Maryland. Women and men with backs

supple as birch trunks. The courage
it took to pick up stakes and begin again
in a new world! Think of the work
those older ones did. For you. You all
are facing a change right now.

This sheepskin is your passport.
You're bound for emigration to
the next song of your life. Ohio State
is the ark on which you've been sailing.
You've been the precious cargo.

But, as Noah once said, I can see
clearly now the rain is gone. The ark,
our university, was filled to overflowing
with the diversity of us. Diversity.
Networks and talk shows devalue the word.

Alma Mater—Carmen Ohio

Graduates and guests led by
Helena M. Radford

Oh! Come let's sing Ohio's praise,
And songs to Alma Mater raise;
While our hearts rebounding thrill,
With joy which death alone can still.
Summer's heat or winter's cold,
The seasons pass, the years will roll;
Time and change will surely show
How firm thy friendship—O-hi-o!

Excerpts from the commencement ceremony will be broadcast on WOSU-TV, Channel 34, on Tuesday, August 11, at 7 p.m.

Commencement Address

Lars Bildsten

THE JOSEPH SULLIVANT MEDAL

Lars Bildsten is one of the world's leading theoretical astrophysicists and an internationally recognized scientific leader whose work has transformed human understanding of stars, stellar explosions and the evolution of the universe. A 1985 graduate of The Ohio State University with a bachelor's degree in engineering physics, Dr. Bildsten earned his doctorate in theoretical physics from Cornell University before joining the faculty at the University of California, Berkeley. Since 1999, he has been a professor and permanent member of the Kavli Institute for Theoretical Physics at the University of California, Santa Barbara, where he has served as director since 2012.

Dr. Bildsten's research spans some of the most extreme objects in the cosmos, including neutron stars, white dwarfs and supernovae. His pioneering studies have advanced understanding of how stars live,

evolve and die, while helping explain the origins of many of the chemical elements that make up the world. Colleagues describe him as one of the highest-impact theoretical astrophysicists of his generation, whose work combines deep physical insight with a remarkable ability to connect theory and observation.

Among Dr. Bildsten's most influential contributions is his leadership in developing Modules for Experiments in Stellar Astrophysics, the open-source software framework that has become the most widely used computational tool for modeling stellar structure and evolution. Used by more than a thousand researchers worldwide, MESA has fundamentally changed the practice of stellar astrophysics and has become an essential resource for both research and education.

As director of KITP, Dr. Bildsten has strengthened one of the world's

premier centers for theoretical physics, helping attract leading scientists from around the globe and raising nearly \$100 million in support of the institute's programs and facilities. His leadership extends nationally and internationally through service to the National Academies, LIGO, major scientific advisory boards and numerous professional organizations.

A member of the National Academy of Sciences, Dr. Bildsten is a fellow of the American Astronomical Society, the American Physical Society, the American Association for the Advancement of Science and other leading scientific organizations. Through groundbreaking scholarship, visionary leadership and enduring service to science, he has advanced human understanding of the universe while bringing distinction to Ohio State.

The Joseph Sullivan Medal

The Joseph Sullivan Medal was established in 1920 with a fund endowed by Thomas C. Mendenhall, Ohio State professor of physics. The Sullivan Medal is awarded every five years for "an admittedly notable achievement on the part of a son or daughter of the university, whether that achievement be in the form of an important invention, discovery, contribution to science, the practical solution of a significant engineering, economic or agricultural problem, or the production of a valuable literary, artistic, historical, philosophical or other work." (Thomas C. Mendenhall, 1920)

Recipient of Honors

Matthew J. Desch

DISTINGUISHED SERVICE AWARD

Matt Desch is the CEO of Iridium Communications, a global satellite communications provider. He has held that position for more than 20 years and led the company from post-bankruptcy obscurity to being one of the most highly valued public companies in the space industry. In addition to providing critical safety communications for explorers, first responders, the maritime and aviation industries, as well as for the U.S. Department of Defense, Mr. Desch helped create new services to help track airplanes for better air traffic control and safety, as well as help protect GPS from jamming or spoofing.

Mr. Desch started his technology career at AT&T Bell Laboratories and was an early pioneer in the wireless industry. He ran several large

technology equipment companies as wireless technology proliferated around the world before joining Iridium. He has won numerous space industry accolades, including being named twice as the satellite industry Executive of the Year, being selected for the Satellite Industry Hall of Fame, and being honored as one of the top 100 technology leaders in the Washington, D.C., area for each of the last 10 years.

Born in Dayton, Mr. Desch was an active student leader at Ohio State, graduating with a B.S. in computer science in 1980. He attended on an Evans Scholarship and was President of the Ohio Union Activities Board. He was one of the founders of the Student Alumni Council, was president of Sphinx, and was 1979 Homecoming royalty. Passionate

about supporting today's student leaders, he is the founder and Advisory Board Chairman of the Buckeye Leadership Fellows in the Office of Student Life, which has developed and graduated more than 400 student participants in its 15-year history.

An active fixed wing and helicopter pilot, Mr. Desch also serves on the board of the Aircraft Owners and Pilots Association, the Smithsonian National Air & Space Museum, the board of Unisys and Verisign Corporations, and has been a member of the White House's National Security Telecommunications Advisory Committee since being appointed by President Obama in 2011. He and his wife, Ann, live in McLean, Va., and Pinehurst, N.C.

The Academic Costume

The colorful ceremonies of The Ohio State University commencements derive from practices originating in the Middle Ages. When European universities were taking form in the 12th and 13th centuries, the scholars were usually clerics, and consequently they adopted costumes similar to those of their monastic orders. Cold halls and drafty buildings called for caps and floor-length capes with attached hoods, and the sobering influence of the church probably resulted in the staid character of the caps and gowns.

As the control of the universities gradually passed from the church,

some aspects of the costumes took on brighter hues. Old prints and engravings, however, reveal a strong similarity between the regalia worn in early universities and that of the present day.

In light of our nation's English heritage, academic costume has been in use in the United States since colonial times. To establish a standard of uniformity in regard to the practice, an intercollegiate commission was formed to prepare a code for caps, gowns and hoods that has since been adopted by all academic institutions.

Originally round, the shape of the cap is now the familiar mortarboard square

— a shape that, according to ballad folklore, resembles a scholar's book. Legend also has it that the privilege of wearing a cap was the initial right of a freed Roman slave; the academic cap, therefore, has become a sign of the freedom of scholarship. The flowing gown has become symbolic of the democracy of scholarship, for it covers any dress that might indicate rank or social status. The hood, reserved at The Ohio State University for those receiving doctoral and master's degrees, not only indicates the type of degree, but also is lined with the official colors of the university.

The Gown

Bachelor: The bachelor gown is black, full-cut with long pointed sleeves.

Master: The master gown is black, long or short sleeves, with an arc-shaped panel extended for each sleeve.

Doctor: The Ohio State University Doctor of Philosophy, Doctor of Education, Doctor of Musical Arts, Doctor of Nursing Education and Doctor of Nursing Practice gown is scarlet with gray velvet panels on the front and three velvet bars on each sleeve. Other doctor gowns are black with velvet panels and bars, the color of which is distinctive of the field of study.

Honors Emblem

The Ohio State University honors emblem is a scarlet and gray tasseled braid (honor cord) worn over the gown. Students eligible for this curricular honor are those graduating summa cum laude, magna cum laude, and cum laude. At the discretion of their college, students graduating with distinction or with honors may also be eligible.

The Hood

Bachelor: Three feet long with a two-inch-wide velvet edging.*

Master: Three and one-half feet long with a three-inch-wide velvet edging.

Doctor: Four feet in length with a five-inch-wide velvet edging and panel at the sides.

The lining of all hoods, which is folded out, bears the official colors of the institution granting the degree. The color of the velvet indicates the field of study.

* Not usually worn by candidates for a degree.

Cap and Tassel

Candidates for degrees at The Ohio State University wear the black mortarboard with a tassel whose color is distinctive of the degree being received. The tassel colors are as follows:

Pomp, circumstance, and other songs of a lifetime

(continued from inside front cover)

I say, rather, the richness of us,
precious difference, the grand multiplicity
of selves that balance this globe
and enable it to spin true. Grandson
of peasant immigrants, I was given

the opportunity to earn a doctorate
in English literature from Ohio State—
because my family labored long nights
around the kitchen table trying to learn
this arduous English. I sat where

you're sitting twenty-six years ago.
Bob Dylan and Smokey Robinson got me
through. Yes, it took a prophet and Miracles!
My son earned an OSU Ph.D. in history.
Now you, graduates, are being honored—

by degrees. We've all come together
around the kitchen table of Ohio State.
Ohio, Round on the ends and high
in the middle. For the years to come
we'll sing together, Beautiful Ohio,

in dreams again I see, Visions of what
used to be. These psalms, sacred thoughts
of our tribes, 78's and 33's, tapes,
CD's—they take up space in shelves
of our skulls, our hearts. They remind us

we want a song beyond the run-
of-the-mill thrill, the moment throbbing
with pleasure or bathed in the blues.
We ache for something grander than
pure selfishness. Songs sung for one

alone are not true music. Arias shared
are music of the spheres, ways of saying
to another something from the soul.
Of course the Buckeye Battle Cry
is there. Drive, drive on down the field,

Men (and women!) of the Scarlet
and Gray. Well, you drove on down
the field, and you drove up and down
the streets, around and around
crowded lots, looking for a place to park,

and you searched our dark, ancient library
for a decent place to study. My wife,
Mary's, father marched in the first
"Script Ohio," in 1936. He's here today
with us, blowing his horn, I can't help

but feel, as is the sweet mother
I lost last year, the one who gave me
the stars. Today's music makes us think
of the debts we owe, and never can repay.
So many of us would not be here

were it not for the lullabies and songs
of dear parents, their parents, theirs.
Some are here today in the flesh.
Many are not. We mourn them with cadences
of our hearts. Think how many people

sang before us, gave us a name, a voice,
taught us the right words. We must
cherish them by remembering every song.
When we sing to others, we honor
our fathers and mothers, thank them

for this day of profound scarlet and gray
pomp and circumstance. O, come
let's sing Ohio's praise, And songs
to Alma Mater raise. Alma mater.
Ohio State is our sweet, nurturing mother.

We came of age here, with her help.
Well, Mother, we love you, but, like,
it's time we moved out, got a place
of our own. You're standing there,
Mom, gray hair, eyes scarlet

from crying. We won't forget you.
Now, even though this ceremony
means we're being weaned, taken off
the nipple, let's take care to cherish her
all our days. Let's remember

the words to the songs she taught us,
and pass them on. We'll remember
always, Graduation Day. Summer's heat,
and winter's cold, The seasons pass,
the years will roll, Time and change

will surely show How firm thy friendship,
O-hi-O. We call that little number
Carmen Ohio. Carmen means song
in Latin. You've worked hard; she
is your reward; today is your reward.

You're filled to overflowing with
the notes, the poems we've written
together. You know the score.
Continue to work hard for yourselves,
and one another. Find the ones who need

you to sing to, for them, in the world.
Graduates, this joyful litany, this hymn
our ancestors collaborated on with us,
the calling of your name today is music
to our ears. Sing that name proudly

all your days, as if your life depended
on it. It does, you know. It has been
an honor for me to speak—and sing—
to you today. Thank you, graduates,
and, again, Congratulations.
