

Spring Commencement

THE OHIO STATE UNIVERSITY
MAY 5, 2024

Pomp, circumstance, and other songs of a lifetime

—by Professor David Citino, 1947–2005, Late University Poet Laureate
(Originally presented as the 2000 Winter Commencement address)

If you're like me, you've got a big head,
not to mention a funny robe, full of music—
poems and melodies, the tunes
we move to, shower and shave by,
study, write to. Not just the incidental,

but the momentous music keeping time.
Our histories are measures of song.
Listen to your heart: drums of Africa,
sea-spume of blind, far-sighted Homer,
Sappho's honeyed love lyrics. Often,

music speaks for us, one note saying
a thousand words. Like Rodolpho
in Puccini's La Boheme, Sono un poeta.
I am a poet. Che cosa faccio? What
do I do? Scrivo. I write. This ceremony

is loud music—pomp and circumstance
of the life you began freshman year
or that first day of graduate school.
In my head I press Play, and the CD
of Big Days kicks on. I leap and linger

over moments too sweet, nearly, for words.
I'll never escape rhymes from the nursery.
Up above the world so high, like a diamond
in the sky. We knew from the start
our universe was aglow with wonder.

Italian, Latin, English songs in nasal accents
of Cleveland. Gaudeamus igitur, Juvenes
dum sumus. So, let us rejoice, while
we are young. Youth is that gift we can't
comprehend while we're young. This ceremony

means you all are less young than you were.
Don't let the heavy knowledge gained
from your studies deprive you of the gifts
of youth, to be able to rejoice at the drop
of a hat, to care for, be moved by others.

Now I hear golden hits of five decades.
Big Mama Thornton, and that so-called King
(King of what, fried butter sandwiches?)
who stole away her hound dog. You ain't
never killed a rabbit, you ain't no friend

of mine. As with those profs and TAs,
course after course, you had to produce—
kill some rabbits—to earn respect.
And at times OSU may have seemed
like Heartbreak Hotel, down at the end

of Lonely Street, so difficult was it
to do your best. Tennessee Ernie Ford,
"Sixteen Tons": St. Peter don't you
call me 'Cause I can't go. I owe
my soul to the company store.

You have been digging deep in mines
of knowledge. We all owe our souls
to Ohio State, company store of learning,
shared experience—precious ore
we have in common forever.

Now I hear Domenico Modugno's
fervent urging to wish, sing, fly,
Volare, Wo-oo. Cantare, Wo-o-o-o.
My grandfather was a peasant farmer,
a contadino in Calabria in the toe

of Italy. He knew it's the human lot
to dream of flying. Lucky, lucky,
lucky me, I'm a lucky son-of-a-gun.
I work eight hours, I sleep eight hours,
That leaves eight hours for fun.

Hey! He sailed in steerage across
the Atlantic, came to Cleveland, where
he stayed long enough to work 52 years
for the B&O Railroad, before lying down
to rest in good Ohio soil. So many of us

here today came from elsewhere,
or ancestors did. From Tennessee, Italy,
Africa, Asia, Appalachia—even,
President Kirwan, the wilds of Kentucky
and Maryland. Women and men with backs

supple as birch trunks. The courage
it took to pick up stakes and begin again
in a new world! Think of the work
those older ones did. For you. You all
are facing a change right now.

This sheepskin is your passport.
You're bound for emigration to
the next song of your life. Ohio State
is the ark on which you've been sailing.
You've been the precious cargo.

But, as Noah once said, I can see
clearly now the rain is gone. The ark,
our university, was filled to overflowing
with the diversity of us. Diversity.
Networks and talk shows devalue the word.

Commencement Address

Chris Pan

Chris Pan was born in Taipei, Taiwan, before moving with his parents to Cincinnati, Ohio, when he was seven. Mr. Pan then moved with his family to China for two years before returning to Cincinnati. He attended The Ohio State University, where he participated in the honors program, as a teaching assistant, an orientation leader, served in numerous housing and residence education roles and was selected as king of the 1998 homecoming court before graduating in 1999 with a BS in biology and psychology. Mr. Pan briefly attended medical school at the University of Cincinnati before returning to Ohio State to attend the Fisher College of Business, where he founded the entrepreneurship club Red Khakis, now the Business Builders Club.

Mr. Pan began working with global management consulting firm McKinsey & Co. after an on-campus interview at Ohio State. His work at McKinsey led to an opportunity to attend Harvard Business School, where he earned his MBA in 2004.

In 2005, he began working as a digital marketing director for PepsiCo in Shanghai, where he developed consumer involvement campaigns and helped create internet, mobile and gaming programs. In 2007, Mr. Pan began working as a program manager at Facebook, where he focused on the growth of advertisers and customers, which grew from 50 million to half a billion users during his time with the company. He then founded MyIntent in 2014, a project that sells personalized necklaces

and bracelets with a chosen word that holds meaning for the wearer. The project's goal is to provide inspiration to create meaningful conversations and positive action around the motivational jewelry. Mr. Pan also launched VOMO.me in 2021 to make singing fun and accessible with a focus on emotional wellness.

In addition to founding MyIntent and VOMO.me, Mr. Pan is a social entrepreneur, investor, musician and motivational speaker based in the Los Angeles area, where he uses the website ChrisPan.com to provide updates on his activities. He continues to maintain connections with his alma mater and fellow Buckeyes as an active mentor, including speaking with the Ohio State Young Alumni Academy and the Ohio State Honors & Scholars kickoff in 2018.

Recipients of Honors

Pierre Agostini

Doctor of Science

Dr. Pierre Agostini is an emeritus professor of physics at The Ohio State University, where he began working in 2005. Dr. Agostini is a 2023 Nobel Laureate for his work pioneering advances in the exploration of electron dynamics in matter.

He was born in Tunis, Tunisia, in 1941 and received a bachelor's degree in mathematics from Prytanée Militaire La Flèche in France in 1959. Dr. Agostini earned a Bachelor of Science degree in physics in 1961, a post-graduate degree in 1962, and a PhD in 1968, all from the Université Aix-Marseille in France.

After the completion of his degree, Dr. Agostini worked at the French Atomic Energy Commission in various research positions from 1968 to 2002. During this time, he held visiting positions at the University of Southern

California, FOM Amsterdam and the Brookhaven National Laboratory before coming to Ohio State. He was recognized by the French Academy of Sciences in 1995 for discovering above-threshold ionization in atoms. In 2003, Dr. Agostini received a Humboldt Research Award to conduct attosecond experiments at the Max Born Institute for Nonlinear Optics and Short Pulse Spectroscopy in Berlin, work that he continued to build upon at Ohio State. For distinction in the advancement of optics and photonics, he was elected a Fellow of the American Optical Society in 2007 and received the William F. Meggers Award for outstanding work in spectroscopy the same year.

For his work creating techniques to capture electrons using pulses of

light lasting just one quintillionth of a second, Dr. Agostini was awarded the 2023 Nobel Prize in Physics along with his colleagues Anne L'Huillier and Ferenc Krausz, representing the pinnacle of scientific achievement. The Nobel Prize committee said Agostini and his fellow winners "have given humanity new tools for exploring the world of electrons inside atoms and molecules ... (and) have demonstrated a way to create extremely short pulses of light that can be used to measure the rapid processes in which electrons move or change energy." Following his awarding of the Nobel Prize, he was appointed to the Legion of Honor of France with the rank of Commander. The Legion of Honor is one of the greatest honors given in France.

Recipients of Honors

Dennis C. Liotta

Doctor of Science

Dr. Dennis C. Liotta is the Samuel Candler Dobbs Professor in the Department of Chemistry at Emory University and a professor in the Department of Pharmacology and Chemical Biology at the Emory University School of Medicine.

Dr. Liotta has published over 300 research articles and holds inventorship to over 100 issued patents in the United States. His innovations have resulted in 18 lifesaving FDA-approved antiviral therapeutics, including his work co-inventing emtricitabine and lamivudine, two drugs that are widely used as crucial components of anti-HIV combination therapies for an estimated 90-95% of patients.

Dr. Liotta is the recipient of the 2022 SCI Perkin Medal, one of the highest awards for achievements

in applied chemistry. He was elected to the National Academy of Inventors in 2014 and the Medicinal Chemistry Hall of Fame in 2010. The Academic Costume

The colorful ceremonies of The Ohio State University commencements derive from practices originating in the Middle Ages. When European universities were taking form in the 12th and 13th centuries, the scholars were usually clerics, and consequently they adopted costumes similar to those of their monastic orders. Cold halls and drafty buildings called for caps and floor-length capes with attached hoods, and the sobering influence of the church probably resulted in the staid character of the caps and gowns.

As the control of the universities gradually passed from the church,

some aspects of the costumes took on brighter hues. Old prints and engravings, however, reveal a strong similarity between the regalia worn in early universities and that of the present day.

In light of our nation's English heritage, academic costume has been in use in the United States since colonial times. To establish a standard of uniformity in regard to the practice, an intercollegiate commission was formed to prepare a code for caps, gowns and hoods that has since been adopted by all academic institutions.

Originally round, the shape of the cap is now the familiar mortarboard

square — a shape that, according to ballad folklore, resembles a scholar's book. Legend also has it that the privilege of wearing a cap was the initial right of a freed Roman slave; the academic cap, therefore, has become a sign of the freedom of scholarship. The flowing gown has become symbolic of the democracy of scholarship, for it covers any dress that might indicate rank or social status. The hood, reserved at The Ohio State University for those receiving doctoral and master's degrees, not only indicates the type of degree, but also is lined with the official colors of the university.

The Gown

Bachelor: The bachelor gown is black, full-cut with long pointed sleeves.

Master: The master gown is black, long or short sleeves, with an arc-shaped panel extended for each sleeve.

Doctor: The Ohio State University Doctor of Philosophy, Doctor of Education, and Doctor of Nursing Practice gown is scarlet with gray velvet panels on the front and three velvet bars on each sleeve. Other doctor gowns are black with velvet panels and bars, the color of which is distinctive of the field of study.

Honors Emblem

The Ohio State University honors emblem is a scarlet and gray tasseled braid (honor cord) worn over the gown. Students eligible for this curricular honor are those graduating *summa cum laude*, *magna cum laude*, and *cum laude*. At the discretion of their college, students graduating with distinction or with honors may also be eligible.

The Hood

Bachelor: Three feet long with a two-inch-wide velvet edging.*

Master: Three and one-half feet long with a three-inch-wide velvet edging.

Doctor: Four feet in length with a five-inch-wide velvet edging and panel at the sides.

The lining of all hoods, which is folded out, bears the official colors of the institution granting the degree. The color of the velvet indicates the field of study.

* Not usually worn by candidates for a degree.

Inclement Weather

In the case of inclement weather, every effort will be made to hold commencement as planned. Commencement will take place in Ohio Stadium, unless weather conditions are dangerous or severe, in which case the ceremony will be canceled. No indoor facility on campus can accommodate the graduating class and their guests.

On commencement day, Ohio State officials will be in continuous contact with the National Weather Service to monitor approaching weather. If it is feasible to delay the start of the ceremony and wait for clearing or less severe weather, the start of the ceremony may be delayed up to one hour. Should this happen, any changes will be announced on-site to graduates and guests. Graduates will remain in the assembly locations; guests are asked to remain in protected areas of Ohio Stadium. Your patience and cooperation will help facilitate this plan.

In case of cancellation

If it is determined that severe weather will not permit us to hold commencement, the ceremony will be canceled. Once cancellation has been announced, graduates should report to the locations below one hour after cancellation to receive their diplomas.

It is strongly advised that graduates and guests prearrange a meeting place in case the ceremony is canceled. Guests should not go to French Field House or RPAC where most diplomas will be distributed to graduates. St. John Arena and various locations on West Lane Avenue are some suggested meeting sites.

Diplomas will remain in the following locations until 4 p.m. on commencement day. Diplomas not picked up by 4 p.m. will be taken to Buckeye Link on the first floor of the Student Academic Services (SAS) building, 281 West Lane Avenue. Diplomas will be available for pickup there between 9 a.m. and 4 p.m., May 6–10. If a graduate's diploma remains unclaimed after 12:00 p.m. on May 10, it will be mailed to the permanent address on record within two to four weeks of commencement. Graduates can verify/change their mailing addresses by navigating to the Buckeye Link website at buckeyelink.osu.edu. Click on "My Student Center," then scroll down to the "Personal Information" section to view the address. Click on the "Permanent Address" hyperlink if there is a need to edit it.

Pomp, circumstance, and other songs of a lifetime

(continued from inside front cover)

I say, rather, the richness of us,
precious difference, the grand multiplicity
of selves that balance this globe
and enable it to spin true. Grandson
of peasant immigrants, I was given

the opportunity to earn a doctorate
in English literature from Ohio State—
because my family labored long nights
around the kitchen table trying to learn
this arduous English. I sat where

you're sitting twenty-six years ago.
Bob Dylan and Smokey Robinson got me
through. Yes, it took a prophet and Miracles!
My son earned an OSU Ph.D. in history.
Now you, graduates, are being honored—

by degrees. We've all come together
around the kitchen table of Ohio State.
Ohio, Round on the ends and high
in the middle. For the years to come
we'll sing together, Beautiful Ohio,

in dreams again I see, Visions of what
used to be. These psalms, sacred thoughts
of our tribes, 78's and 33's, tapes,
CD's—they take up space in shelves
of our skulls, our hearts. They remind us

we want a song beyond the run-
of-the-mill thrill, the moment throbbing
with pleasure or bathed in the blues.
We ache for something grander than
pure selfishness. Songs sung for one

alone are not true music. Arias shared
are music of the spheres, ways of saying
to another something from the soul.
Of course the Buckeye Battle Cry
is there. Drive, drive on down the field,

Men (and women!) of the Scarlet
and Gray. Well, you drove on down
the field, and you drove up and down
the streets, around and around
crowded lots, looking for a place to park,

and you searched our dark, ancient library
for a decent place to study. My wife,
Mary's, father marched in the first
"Script Ohio," in 1936. He's here today
with us, blowing his horn, I can't help

but feel, as is the sweet mother
I lost last year, the one who gave me
the stars. Today's music makes us think
of the debts we owe, and never can repay.
So many of us would not be here

were it not for the lullabies and songs
of dear parents, their parents, theirs.
Some are here today in the flesh.
Many are not. We mourn them with cadences
of our hearts. Think how many people

sang before us, gave us a name, a voice,
taught us the right words. We must
cherish them by remembering every song.
When we sing to others, we honor
our fathers and mothers, thank them

for this day of profound scarlet and gray
pomp and circumstance. O, come
let's sing Ohio's praise, And songs
to Alma Mater raise. Alma mater.
Ohio State is our sweet, nurturing mother.

We came of age here, with her help.
Well, Mother, we love you, but, like,
it's time we moved out, got a place
of our own. You're standing there,
Mom, gray hair, eyes scarlet

from crying. We won't forget you.
Now, even though this ceremony
means we're being weaned, taken off
the nipple, let's take care to cherish her
all our days. Let's remember

the words to the songs she taught us,
and pass them on. We'll remember
always, Graduation Day. Summer's heat,
and winter's cold, The seasons pass,
the years will roll, Time and change

will surely show How firm thy friendship,
O-hi-O. We call that little number
Carmen Ohio. Carmen means song
in Latin. You've worked hard; she
is your reward; today is your reward.

You're filled to overflowing with
the notes, the poems we've written
together. You know the score.
Continue to work hard for yourselves,
and one another. Find the ones who need

you to sing to, for them, in the world.
Graduates, this joyful litany, this hymn
our ancestors collaborated on with us,
the calling of your name today is music
to our ears. Sing that name proudly

all your days, as if your life depended
on it. It does, you know. It has been
an honor for me to speak—and sing—
to you today. Thank you, graduates,
and, again, Congratulations.
